TOPIC LEARNING OBJECTIVES

Upon successful completion of this topic, the student will be able to:

1. Recognize the properties of a good fitness report.
2. Identify the key attributes of the Officer Summary Record (OSR) and Performance Summary Report (PSR).
3. Recognize the procedures used by a selection board.

Overview

- FITREP counseling
- FITREPs – Officer Summary Record (OSR)/Performance Summary Report (PSR)
- Selection boards

Mid-Term Counseling

- Purpose
  - Enhance professional growth, encourage professional development, and improve communication
  - To provide an individual information concerning how to correct and/or improve their performance
- When: At the 6 month point of your regular FITREP period
- Who counsels you?
  - Reporting Senior (RS) and/or Supervisor
- Effective counseling
  - Provides honest and timely feedback
  - Reinforces positive behaviors
  - Corrects/modifies negative behaviors
  - What is the RS looking for to rank you higher in a particular performance trait?

Do not miss your mid-term counseling. Make the appt. if you are not called

Counseling

- What types of things should you ask?
  - What is your Reporting Senior Cumulative Average (RSCA)?
  - How junior officers are ranked (process)
  - What is the Reporting Senior looking for in each FITREP graded category
  - Where do I stand relative to my peers
  - What do I need to do to improve
  - Expectations of me
- How does a LT/LCDR stand out?
  - Most Reporting Seniors do not work directly with LT/LCDR
    - Input comes from supervisor (typically CDR)
  - Collateral duties get you direct visibility with the boss
    - There is typically some progression within command of collateral duties; look for/ask for the hard ones
      - Docking Officer, Ship Safety Officer, Disaster Preparedness Officer
      - AT/FP

Fitness Reports

- Fitness Report (FITREP) System
  - 144X and 146X are in the same competitive category
  - LT (Active/Reserve) - Jan
  - LCDR (Active/Reserve) - Oct
  - Continuity of reports is important
    - ***No*** excuse for a missing FITREP
- What is the Selection Board looking for:
  - Competitive ranking (ex. #1 of 5 in block 43)
  - Above the Reporting Senior's Cumulative Average (RSCA)
    - Reporting Senior should tell you their average – ***If they don't, then ask!***
    - RSCA is the average of ***every*** officer evaluated at that pay grade (regardless of designator)
  - Progression to the right during your tour
    - Member trait average increasing
  - Member trait average above summary group average
  - Soft breakout
    - In the wording of block 41 (comments) vice block 43

Fitness Reports: Block 41

- Strong opening statement (My #1 of X…)
  - Not #1... then why?
    - Moving right in rankings
    - Top MP, etc.
    - Why not #1 MP… “ranked against more tenured 1440’s”
- Clear message to the board members from the Reporting Senior
- Show sustained superior performance over time
- Ability to assume the responsibility of next rank
- If something unusual has happened, explain it
  - Declining average with the same reporting senior
  - Moving left in rankings
- Not a laundry list of activities or accomplishments
  - Weave traits into description
    - E.g., “Exceptional ability to lead and motivate his team” instead of “Leads a team of 12 people.”
    - E.g., “Always finds a way to get to “Yes”” instead of “Coordinated and executed non-typical operations.”

Fitness Reports: Recent Updates (cont.)

- BUPERS Instruction 1610.10G (28JAN25) - Key Updates
  - Performance Expectation Meetings (***must*** be conducted w/in 30 days of check-in or previous evaluation date)
  - New Narrative Requirements
    - Sexual assault cases, may be considered and assessed ...for all CPOs, warrant officers, and officers...or third-class petty officers and above (clarified by BUPERSINT 1610.10H of 30JUL25 to consider and assess only as applicable)
    - Focus on command climate and handling of sexual harassment/assault cases
    - GRGB comments required for O-5/O-6 commanding officers and encouraged for all
  - Terminology Changes
    - "Full-Time Support (FTS)" is now "Training and Administration of the Reserves (TAR)"
    - "Active Duty for Special Work (ADSW)" is now "Active Duty for Operational Support (ADOS)"
  - Warfighting & Mobilization Readiness in Evaluations
    - Reserve Component (RC) reports must include warfighting readiness assessments and mobilization capability

Fitness Reports: Recent Updates (cont.)

- BUPERS Instruction 1610.10G (28JAN25) - Key Updates (cont.)
  - Senior Enlisted Reporting Changes
    - MCPON, Fleet/Force Master Chiefs, and CMDCMs reporting to flag/general officers no longer require periodic or detachment reports
  - Physical Fitness Assessment (PFA) Updates
    - Block 20 codes updated to reflect the latest Body Composition Assessment (BCA) and Physical Readiness Test (PRT) policies

- BUPERS Instruction 1610.10H (30JUL25) – Key Updates
  - NAVFIT98A v33 released (replaced eNavFit)
  - Summary Group Rankings (Block 42): Introduces "hard breakouts" (ranking within your peer group) for clearer context, separating screened Sailors from others
  - Physical Fitness Assessment (PFA): Mandatory inclusion of PFA scores in Block 20, with references in Block 29 if multiple are conducted
  - Mid-Term Counseling - Enhanced focus on coaching, with new resources and webinars available for supervisors and Sailors (Chapter 18)

- BUPERS Instruction 1610.10H CH-1 (16DEC25) – Key Updates
  - Revised O5 and O6 FITREP schedule beginning in 2027

Fitness Reports

- Final Thoughts
  - Don’t miss FITREPs/Mid-term Counseling; Senior Leaders – let’s make sure we are conducting our mid-term counseling
  - Understand what your Reporting Senior is telling you
    - ***If you don’t understand, ask***
  - Understand what your Reporting Senior is telling the board

Know your audience – the Selection Board!

Officer Summary Record/Performance Summary Report (OSR/PSR)

- ***Key*** documents to your successful career
- The ***only*** documents the whole Selection Board will view are OSR/PSR
  - Board will also be read:
    - Letters to the Board
    - Field Code (FC) 17 remarks
      - Information concerning punitive action, POW information, or medical information
- BUPERS online to obtain OSR/PSR
  - https://www.bol.navy.mil/bam/
- NAVADMIN 247/20 eliminates the requirement to display service member's photo during selection board
- MILPERSMAN 1070-181: Photographs are required for all officers of the Navy and the Navy Reserve, regardless of status, within 12 months after acceptance of each promotion
  - DoW and Navy policy prohibit the use of officer photographs during the selection board process
  - The preferred method for officer photo submission is using the electronic self-service feature within the BUPERS Online (BOL) tab labeled "Officer Photo"

INDIVIDUAL TRAIT AVERAGE

SUMMARY GROUP TRAIT AVERAGE

REPORTING SENIOR TOTAL NUMBER & CUMULATIVE AVERAGE

Overview

- FITREP counseling
- FITREPs – Officer Summary Record (OSR)/Performance Summary Report (PSR)
- Selection boards

Types of Selection Boards

- Administrative
  - Governed by instruction & policy
  - Convened by Chief of Naval Personnel (CNP) or SYSCOM
  - Results approved by CNP
  - Membership determined by board sponsor. Precepts determined/ approved by CNP or SYSCOM
  - Examples:
    - Lateral transfer
    - Probationary Officer Continuation and Redesignation boards (POCR)
    - Command/XO screening
- Statutory
  - Governed by law
  - Convened by SECNAV
  - Results approved by SECNAV/SECWAR/POTUS
  - Membership by statute & SECNAVINST
  - Examples:
    - Promotion
    - Selective Early Retirement

DOPMA

- Defense Officer Personnel Management Act (DOPMA)
  - Passed in 1980 to standardized officer personnel management across the services
  - Established ceilings on the number of officers authorized to each service by grade
  - Created uniform regulations governing promotions such as establishment of selection board cohorts
    - Navy uses lineal number
  - Codified rules regarding separation and retirement of officers
  - Created stable and predictable career paths
  - Institutionalized relatively short careers compared to private industry
  - Mandated the military adopt an “up or out” personnel management strategy

Selection Boards: Zones

- Promotion zones
  - Goal (The law): Provide relatively similar promotion opportunity over a five-year period
  - Promotion zone is the size of the population considered to fill projected requirements
    - Composition of the zone is determined by lineal seniority
    - Independent of year group
  - Zone size is a function of promotion opportunity & projected requirements
    - Example: Projected requirement for 38 LCDR Selects. If opportunity is 95%, the zone size will be 40

Selection Boards: Zones (cont.)

- Zones are five-year estimates
  - Only the current year zone size is firm
- Zone sizes change because
  - Changes in requirements and vacancies
    - Differences between projected and actual losses
    - Change in total number of officers allowed by grade (DOPMA changes)
    - NAVADMIN with senior and junior IZ released annually (usually early December)
    - Use the ED Precedence list (available on EDOmain) to determine if listed names bracket your name
      - Docs -> EDO Community -> Precedence Rosters
    - EDO Community Manager and Detailers can project (estimate) for out-year planning

Change Terminology similar to Flag Board → "Considered"

- Updated annually during month of October, routed for SECNAV approval in November, and released in December.
- Like a 5 day weather forecast. Current year is most accurate. Year 5 is more of a guess.
- Last minute approved retirements for just prior or for just after board convening can impact zone size and number of selects.

Selection Boards: Correspondence

- Letter to Board: Can it provide value?
  - Provides ***additional*** information to the board ***not already in the record***
    - Is ***short*** and ***succinct***
    - Identifies something briefer would probably miss
  - Is in support of your second and follow "looks"
    - For example, you are a 146X and a 1XFOS and the completion of your EDQP was not in your last FITREP due to timing
  - Addressed to Board President from eligible officer
  - May include anything eligible officer feels should be considered by the board
    - Examples: FITREPs, awards, letters of recommendation
  - ***Every*** member of the board must be briefed on submitted letters by the record briefer
  - Correspondence to the Board ***must*** be received no later than ***10 calendar days*** before the board convening date
  - Per NAVADMIN 220/19, Electronic Submission of Selection Board Documents (ESSBD) is the preferred method of submitting a Letter to the Board (LTB)
    - https://www.mnp.navy.mil/group/advancement-and-promotion/overview

*Seek advice **before** you write a letter to the board!*

Selection Boards: Precept and Convening Orders

- Both signed out by SECNAV
- Both are available (after the board adjourns and for previous years) on NPC website
- Precept
  - Common to the statutory boards for that FY
  - General guidance, equal opportunity, board reporting, oaths
- Convening order
  - Specific to the actual board (e.g., FY24 LCDR Line Officer board)
  - Provides detail into the 'General Guidance' appendix of the Precept
  - Best and fully qualified selection standards
  - Commitment to operational excellence
  - Continual performance improvement (GRGB mindset), culture of learning
  - Indo-Pacific area expertise considerations
  - Acquisition corps considerations
  - Educational & learning contributions

Selection Boards: Convening Orders

Subj: ORDER CONVENING THE FY-26 PROMOTION SELECTION BOARDS TO CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF LIEUTENANT COMMANDER

Engineering Duty (14X0)

1. Nuclear Weapons (NW) Technical Expertise

9. **Engineering Duty Officer (EDO) Community Considerations**

a. Engineering Duty Officers design, develop, deliver, and sustain combat-ready naval power for our nation to fight and win - wherever, whenever, and however it chooses. We rarely take Direct Accessions into the community. Instead, we rely on the infusion of sea-experienced warfighters at the O-3/O-4 level via the lateral transfer process, Probationary Officer Continuation and Transfer (POCR) process, and the execution of surface and submarine ED Options after warfare qualifications. The sea going experience and attainment of a warfare qualification are major factors which allow us to be better prepared to accomplish our mission and enhance the development of career long credibility with our URL counterparts. Those officers accessed without a warfare qualification (typically Naval Reactor (NR) Instructors and Engineers - 1210/1220 designator) are typically sent to qualify for Submarine Engineering Duty (ED Dolphins). Those who are found to be not medically qualified to pursue ED Dolphins after becoming an EDO are given the opportunity to pursue the Information Warfare Officer (IWO) qualification.

Board Observations

- Unrestricted Line Officer communities often lack a full understanding of the career paths of the Restricted Line communities
  - What is a Project Superintendent, Zone Manager, Deputy Principal Assistant Program Manager?

- EDO board members provide a community brief to the board explaining what we do, and what we are looking for in promotion candidates
  - SECNAV approved
  - Can be found on the NPC web site
  - Excerpts from the FY27 EDO brief are as follows….

FY-XX Active Duty Line

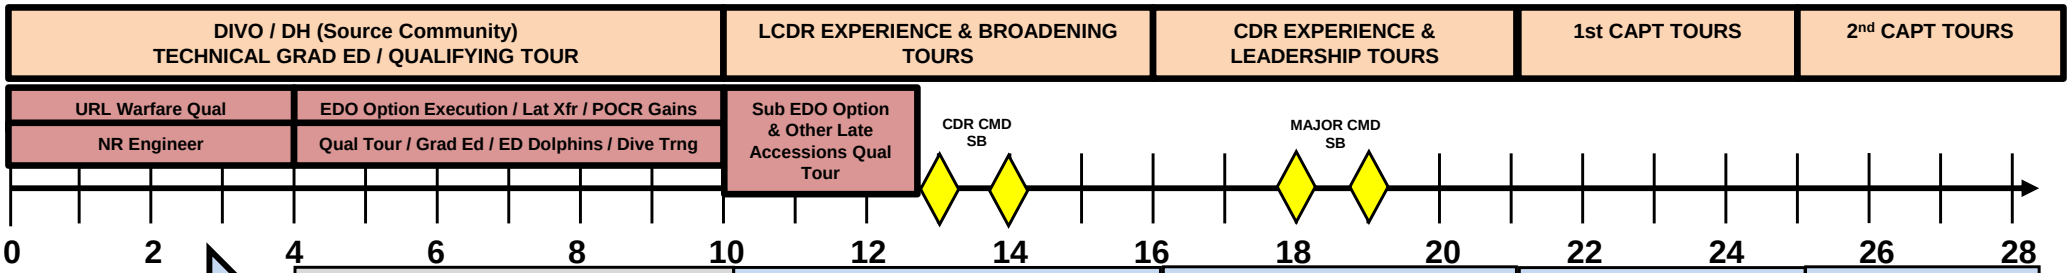

Community Brief Disclaimer

- This community brief has been generated by the community leaders, including detailers and community managers. It has been vetted by the Navy Personnel Command and OJAG for statutory compliance and approved by SECNAV.

- ONLY MATERIAL APPROVED BY THE SECRETARY OF THE NAVY WILL BE PRESENTED TO STATUTORY SELECTION BOARDS. BEGINNING WITH THE FY-08 SELECTION BOARDS, THESE BRIEFS WILL BE PROVIDED TO BOARD MEMBERS.

Community Values

- Career progression produces senior EDOs with developed expertise in at least one core skill area: Systems Acquisition (Combat Systems, C4I, Strategic Systems), Fleet Maintenance (Shipyards and Regional Maintenance Centers), Ship Acquisition (Surface, Submarine, and CVN new construction/sustainment) and Naval Reactors.

- EDO Flag approval is required for officers to serve in the following billets: CO, OIC, CVN CHENG/CSO/RO, Submarine Repair Officer (Tenders, I-level), ACAT I Program Manager Representative (PMR), Flag Executive Assistant (EA), ACAT I Program Office PAPM, Detailer, OCM, EDO School Staff and Doctoral (PhD) Studies at NPS or MIT. Director, Naval Nuclear Propulsion Program approval is required for all Naval Reactors EDO assignments.

- **Valued achievements prior to LIEUTENANT COMMANDER**
  - Warfare qualification or progress toward ED Dolphin qualification **(Note 1)**
  - Proven Naval Reactors staff, operational and/or acquisition performance

- **Valued achievements prior to COMMANDER**
  - Fully qualified criteria:
    - 1440 designator (qualified EDO)
    - 1460 designator (EDO in training) with proven performance during ED qualification tour
    - 1440 Naval Reactors EDO (Naval Reactors/NR Field Office O-4 experience tour)
  - Superior performance while serving in a position requiring EDO Flag or Director, Naval Nuclear Propulsion Program approval
  - Superior performance in core skill area assignments
  - Screened for Commander Command (SPECIAL QUALIFICATION “CMD QUAL” – AQD 2D2)
  - Acquisition Professional member (SPECIAL QUALIFICATION “ACQ FULL QUAL” - AQD APM) **(Note 1)**
  - Qualified to serve in nuclear billets (SPECIAL QUALIFICATION “NUENGSURF” - AQD KD2) **(Note 1)**
  - Ship Salvage Diving Officer Experience (SPECIAL QUALIFICATION “SHPSLVDIVOP” – AQD KM2)
  - Technical Doctorate degree **(Note 1)**

Selection Boards: Preparation

- The Recorder
  - Ensures record continuity for last 5 years
  - Looks for gaps greater than 90 days
  - Temporarily "corrects" officer's record by including info received by the board
    - e.g., awards, FITREPs, qualifications, education, etc.
    - This correction is ***only*** for the board and does not persist after the board adjourns. Record will be officially updated via standard process

*You are **strongly** encouraged to volunteer for recorder duty!*

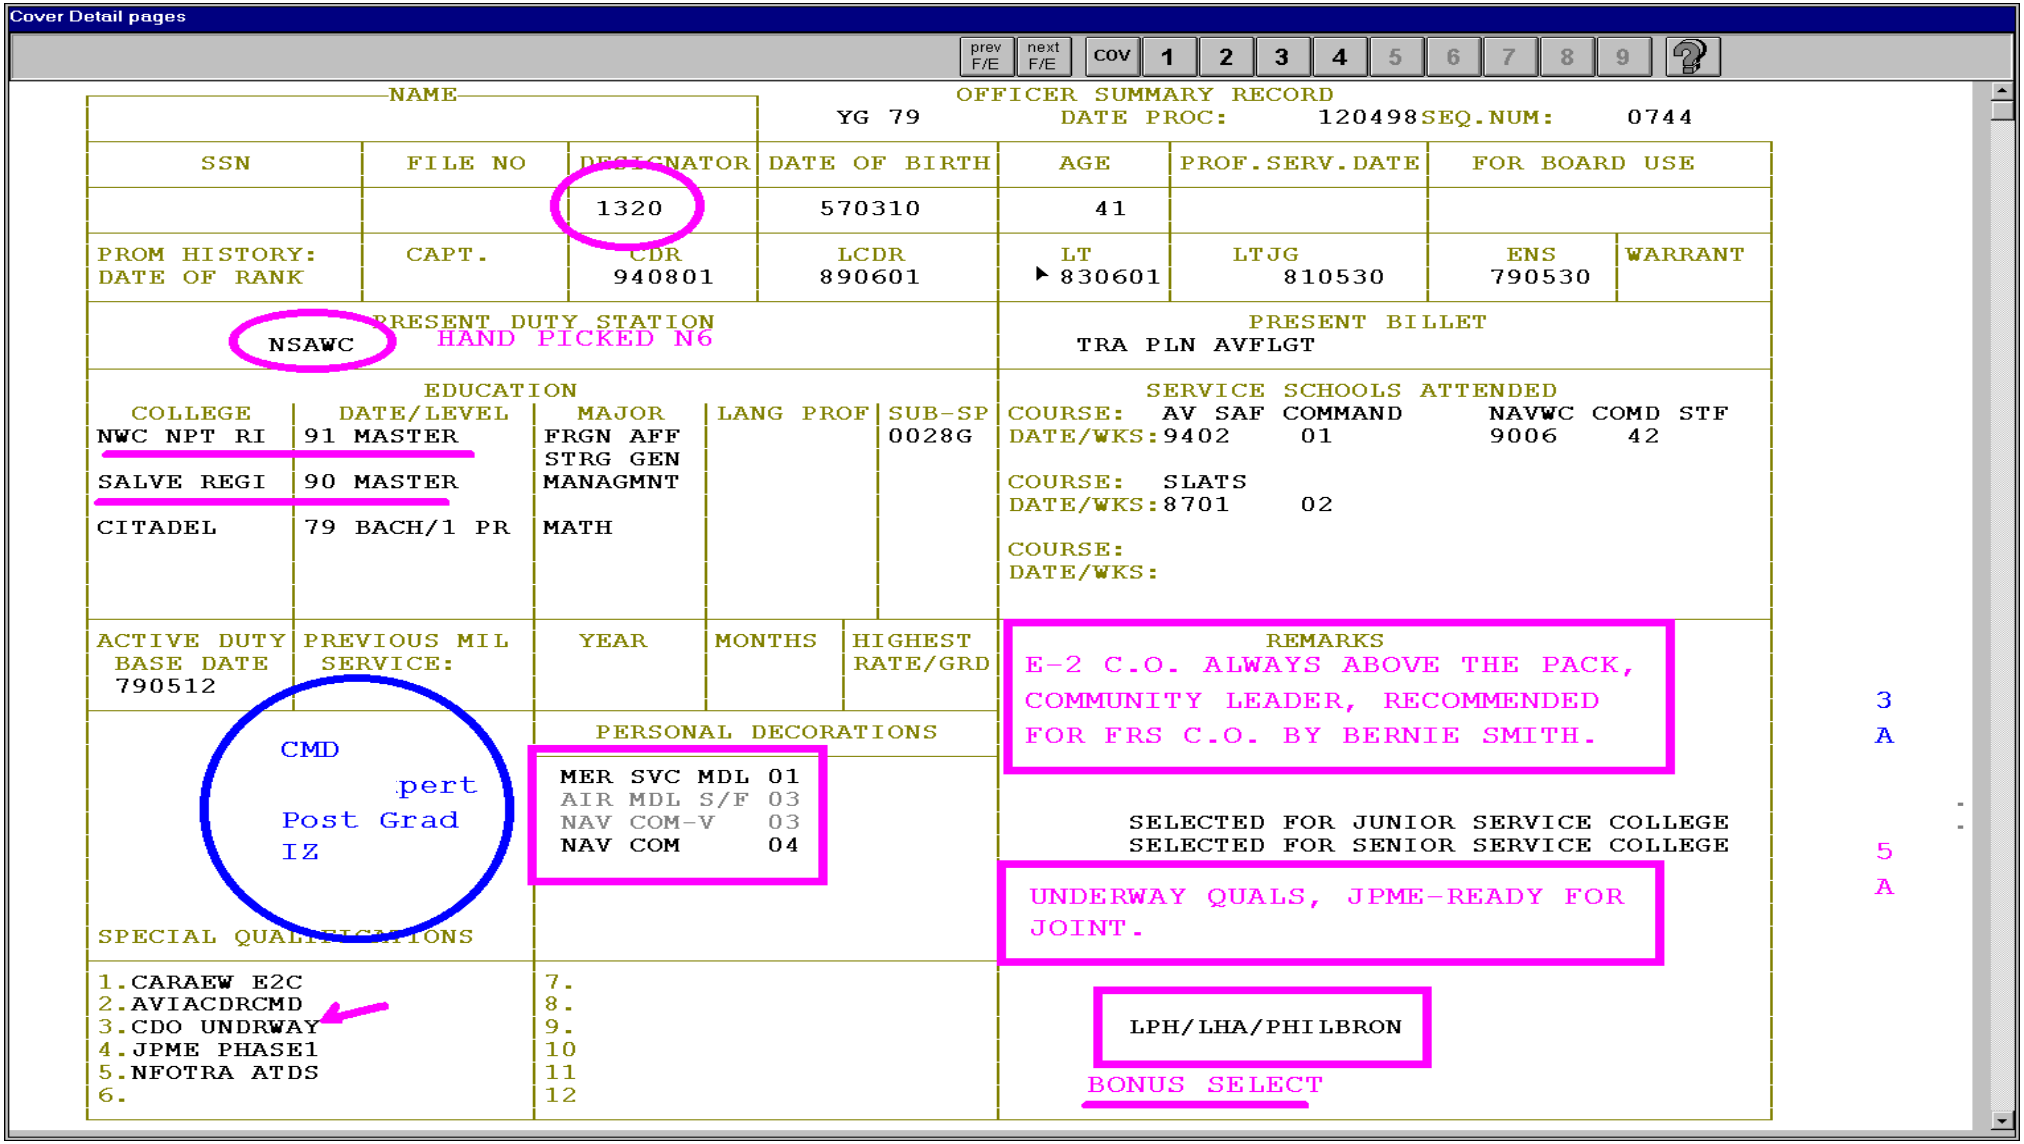

Selection Boards: Preparation (cont.)

- Members report to Millington
  - Recorders: about a week before
  - Members: on convening date
- ***Read precept and convening order!***
- Take oaths and convene board
- Recorder's admin remarks and briefings
- Split into specific boards
- Review and grade records in boardrooms
- Brief and vote records in tank
- Repeat review, grade, brief, and vote until number of tentative selects equals the number authorized

Selection Boards: Selection Process

1. Recorders review records for completeness several days before the board members arrive
   - Recorders can correct errors…but these “patches” are not permanent corrections to record. Only seen by the board in session, not subsequent boards
   - Board Members report on Day 1 and go through orientation (briefings and the Oath)
2. Briefers review all eligible records & correspondence submitted, then electronically mark-up Officer Summary Record (OSR)/Performance Summary Report (PSR)
3. There is ***no*** distinction between In Zone (IZ) and Previously Considered (PC) records

The Tank

OSR/PSR WITH SAMPLE BRIEFER ANNOTATIONS AS
SHOWN IN THE "TANK" – MEMBER'S VIEW

Selection Boards: Selection Process

3. All candidates first briefed to full board by Reviewer
   - Previously Considered (PC) and in-zone briefed together
   - OSR/PSR displayed on front screens
   - Briefer talks until all have voted (may only take seconds!)
   - May have to describe difficulty of jobs
   - May have to brief back to your Ensign FITREPs
   - May brief starting with Ensign FITREPs

Selection Boards: Selection Process (cont.)

4. Board Members ***vote on their confidence*** level for selection
5. Results computed and shown on screen as a ***scattergram*** and "crunch zone" range voted on
6. For those below zone - vote is first whether to review record and brief
   - OSR/PSR flashed ~ 15 seconds/OSR without any mark-up
   - Number/percent for selection in precept guidance
   - Required number of 100% votes is determined by majority vote after all records are projected
   - Those records selected get brought into the "crunch zone" and get a full review

Sample Scattergram

Example Motion: *Tentatively select those officers 90% confidence interval or above*

Example Motion: *Drop from further consideration those officers 45% conficence interval or below*

6 eligible records remain for a second review, known as "the crunch" records

Selection Boards: Selection Process (cont.)

7. Repeat process as needed - typically 2-4 times
   - Subsequent briefers use different colors
   - Vote until maximum number selected
8. Board votes on final list of names

Selection Boards Changes

- FY19 National Defense Authorization Act provided relief in certain areas to the 1980 Defense Officer Personnel Management Act (DOPMA)
- Goal: Make military promotion boards place more emphasis on merit and job performance rather than seniority; allows officers the opportunity to develop more technical expertise in increasingly complex career fields that are essential to future missions

Specifically, the changes include allowing for:

- Mid-career civilians with high-demand skills to enter the military up to the rank of O-6
- Promotion boards to move high-performing officers higher on the promotion list regardless of their time in service (merit reorder – started with FY20 boards)
- Service Secretaries to create “an alternative promotion process” for specific career fields

Engineering Duty Officer Merit Reorder Considerations

- Valued achievements prior to LIEUTENANT COMMANDER
  - Minimum requirement:
    - Top recognized performer over two consecutive LT tours with at least one tour being an EDO tour
  - Additional considerations:
    - Proven performance in EDO assignments such as overseas tours, sea duty, INSURV
    - Qualified 1440

- Valued achievements prior to COMMANDER
  - Minimum requirements:
    - Top recognized performer over two consecutive EDO LCDR tours
  - Additional considerations:
    - Proven performance in positions of leadership, such as officer in charge, ACAT I PMR, ACAT I Program Office PAPM, Submarine Repair Officer
    - Proven performance in EDO assignments such as overseas tours, sea duty, INSURV

Engineering Duty Officer Merit Reorder Considerations (con't)

- Valued achievements prior to CAPTAIN
  - Minimum requirement:
    - Top recognized performer over two consecutive EDO CDR tours
  - Additional considerations:
    - Proven performance in positions of leadership, such as Commanding Officer, Officer in Charge, ACAT I PMR, ACAT I Program Office PAPM, Department Head, Submarine Repair Officer, CVN CHENG, CVN CSO, CVN Reactor Officer
    - Proven performance in EDO assignments such as overseas tours, sea duty, INSURV

Some Important "Truths"

- Boards search for the "best qualified"
- If you are among the best, your record ***should*** show it!
- It may not be perfect, ***but*** it is fair
- ***You*** are in charge of your record
- ***New(est) truth***
  - If you are not selected on your first IZ look, it ***is not*** the end of your career
  - New process values the best qualified/highest performing EDOs
  - Reporting seniors are still adjusting

NPC web site has much more information on boards
http://www.mynavyhr.navy.mil/Career-Management/Boards/

Lessons Learned

- Review your record regularly
- Don’t be surprised!
  - Understand what the board will see
  - Verify your FITREP continuity
  - Make sure your awards/education/quals are up to date
- Seek advice from detailers and other senior EDs
  - Mentor early. Better to know if you may have a problem area that needs to be addressed/corrected
  - Don’t let pride hinder you getting the best help!

Summary

- ***You*** are responsible for understanding how you are performing and how to stand out

- The audience for your Fitness Report is the selection board
  - Understand what message your Fitness Report sends

- The majority of selection board members are URL officers
  - Your job title and accomplishments in Block 41 need to resonate with them
